

PARA 410. ENVIRONMENT AND INFECTION.

Credits: 3

Offered by: Parasitology (Faculty of Agric Environ Sci)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

Infectious pathogens of humans and animals and their impact on the global environment are considered. The central tenet is that infectious pathogens are environmental risk factors. The course considers their impact on the human condition and juxtaposes the impact of control and treatment measures and environmental change.

- 2 lectures per week
- Prerequisite: one of LSCI 230, AEBI 211, ENVR 202, ENVB 305

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
