

PATH 396. UNDERGRADUATE RESEARCH PROJECT IN

Credits: 3

Offered by: Pathology (Faculty of Science)

Terms Offered: Summer 2025

View offerings for Summer 2025 in Visual Schedule Builder.

Description

Independent research project with a final written report.

- Restriction: Student cannot be supervised by same instructor for two 396 Science courses.
- Note: Enrollment may be limited. Students are advised to start the application process well before the start of the term and to plan for an alternative course in the case that no suitable project is available. Individual projects may be suggested each term that may have project-specific prerequisites. Students may also approach professors to devise their own projects. Some projects may be accessible to students in other disciplines. See <https://www.mcgill.ca/science/research/undergraduate-research/science-research-courses> for more information about available projects and application forms and procedures.
- S/U option not permitted.
- Prerequisite: Completion of at least one full undergraduate term with a CGPA of at least 3.0 plus permission of the instructor.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
