Description

The objective of this course is to give U1 Pharmacology Major program students an appreciation of research in Pharmacology. The focus will be on contributions of this research to our understanding of how drugs work, strategies towards the discovery of new drugs, and/or on how use of current drugs may be improved based on this understanding.

- Restriction(s): Only open to students in the BSc. Major in Pharmacology.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
