## Description

This course will be a continuation of PHAR 200, taught in the fall semester. The focus will be on contributions of this research to our understanding of how drugs work, strategies towards the discovery of new drugs, and/or on how use of current drugs may be improved based on this understanding.

- Prerequisite(s): PHAR 200
- Restriction(s): Only open to students in the BSc. Major in Pharmacology.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
