## Description

Independent research project with a final written report and an oral presentation.

- Prerequisite(s): Completion of at least one undergraduate term with CGPA of 3.0.
- Restriction(s): This course cannot be taken under the S/U option.
- Restriction(s): Departmental permission required.
- Restriction(s): Students cannot be supervised by the same instructor for two 396 Science courses.
- Restriction(s): Open to students in programs offered by the Faculty of Science.
- Note: Enrollment may be limited. Students are advised to start the application process well before the start of the term and to plan for an alternative course in the case that no suitable project is available. Individual projects may be suggested each term which may have project-specific prerequisites. Students may also approach professors to devise their own projects. Some projects may be accessible to students in other disciplines. See <https://www.mcgill.ca/science/research/undergraduate-research/science-research-courses> for more information about available projects and application forms and procedures.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
