

PHGY 604. RESPONSIBLE CONDUCT IN RESEARCH.

Credits: 0

Offered by: Physiology (Graduate Studies)

This course is not offered this catalogue year.

Description

This course provides students with information on the following areas: 1) an ethics overview; 2) scientific conduct and misconduct; 3) research authorship and peer review; and 4) research on human and animal subjects.

- Students having taken this course during the M.Sc. in Physiology will not be obliged to re-take the course if transferring to the Ph.D.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
