

PHTH 303. SPORTS MEDICINE PRACTICUM 3.

Credits: 1

Offered by: Phys and Occ Therapy (School of Phys & Occ Therapy)

This course is not offered this catalogue year.

Description

This course is the third in a series of three courses intended to provide students with a directed, practical experience in pre-event, on-field and post-event sports therapy interventions. Students will continue to build and integrate their knowledge on current concepts in sports medicine. Students will work closely with one of the McGill varsity teams, as well as intra- and interprofessionally with the staff of the McGill Sport Medicine Clinic (including physiotherapists, athletic therapists, physicians, and other allied health-care professionals).

- Prerequisite(s): PHTH 202. Valid CPR-AED level HCP certificate (before the practical work starts).
- Restriction(s): This course is only open to third year students in the B.Sc.(Rehabilitation Science); Major in Physical Therapy.
- This course is the third part of a series of three courses (PHTH 201, PHTH 202, PHTH 303), which together are equivalent to a 3-credit complementary course. The students are required to take the three courses to complete their complementary course requirement.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
