Description

This M1 entry-level physiotherapy course focuses on understanding and managing complex and chronic pain conditions. Through lectures, personal reflection, interactive class activities, case study analyses, quizzes, assignments and practical lab activities, students will develop a conceptual framework for approaching the clinical assessment and management of pain and pain-related disability. By the end of the course, students will be ready to apply this framework within clinical settings.

- Prerequisites: Clinical Affiliation 1 & 2 or permission of instructor. PHTH 552 (or PHTH 554 and PHTH 564), PHTH 561.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
