

PHYS 512. COMPUTATIONAL PHYSICS WITH APPLICATIONS.

Credits: 3

Offered by: Physics (Faculty of Science)

This course is not offered this catalogue year.

Description

Computational methods in Physics illustrated with realworld applications.

- U3 or graduate students in Physics, Chemistry, or Engineering, or permission of the instructor. Basic familiarity with computer programming highly recommended.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
