

# PLNT 460. PLANT ECOLOGY.

---

Credits: 3

Offered by: Plant Science (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

## Description

Theory and practice of plant ecology with an emphasis on the interaction between patterns and ecological processes and the dynamics, conservation and management of plant populations and communities over a range of temporal and spatial scales.

- 3 lectures and one 3-hour lab
- Prerequisite: AEMA 310 or permission of instructor.
- This course carries an additional charge of \$170.00 to cover the cost of transportation (bus rental) for local field trips. The fee is refundable only during the withdrawal with full refund period.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
