## **Description**

This seminar offers an overview of the fundamental principles of political science research. Emphasis is placed on acquainting students with the methods and techniques most commonly used by political scientists. Topics include research project design, procedures for carrying out research, as well as both qualitatively- and quantitatively-oriented methods of data collection, processing, and analysis.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
