

# PPHS 612D2. PRINCIPLES OF PUBLIC HEALTH PRACTICE.

---

Credits: 1.5

Offered by: Epidemiology and Biostatistics (Graduate Studies)

This course is not offered this catalogue year.

## Description

Principles and methods in public health practice. Topics will include investigation in public health, public health intervention, program evaluation, public health and the health care system, society and public health.

- Prerequisite(s): PPHS 612D1.
- Restriction(s): Not open to students who have taken EPIB 612.
- Students must register for both PPHS 612D1 and PPHS 612D2.
- No credit will be given for this course unless both PPHS 612D1 and PPHS 612D2 are successfully completed in consecutive terms.
- PPHS 612D1 and PPHS 612D2 together are equivalent to PPHS 612.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
