

# PPHS 699. MSCPH PRACTICUM REQUIREMENT.

---

Credits: 9

Offered by: Epidemiology and Biostatistics (Graduate Studies)

This course is not offered this catalogue year.

## Description

The practicum provides the opportunity to integrate classroom learning and practice in a population or public health work environment. The student contributes to an organization's mandate and to addressing a population or public health problem while developing skills as a population and/or public health professional and/or researcher.

- Prerequisites: PPHS 602, PPHS 612, PPHS 629
- Restrictions: Only open to students registered in the MSc. in Public Health; Non-Thesis.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
