

PSYC 302. PAIN.

Credits: 3

Offered by: Psychology (Faculty of Science)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

An introduction to pain research and theory, with emphasis on the interactions of psychological, cultural and physiological factors in pain perception. The role of these factors in clinical pain and its management by pharmacological and non-pharmacological means will be discussed.

- Fall
- 3 lectures
- Prerequisite: any of the following: NSCI 201, PSYC 211, PSYC 212 or permission of instructor.
- Restriction: Not open to students who are taking or have taken PSYC 505.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
