

# PSYC 306. RESEARCH METHODS IN PSYCHOLOGY.

---

Credits: 3

Offered by: Psychology (Faculty of Science)

Terms offered: Fall 2025, Winter 2026

View offerings for Fall 2025 or Winter 2026 in Visual Schedule Builder.

## Description

The philosophy of science, the methods psychologists use, and how to interpret and evaluate psychological research. The ethical issues in psychological research and how to communicate psychological research in written and visual forms. How to become consumers of psychological science, and to provide building blocks to become expert producers of psychological science.

- Prerequisites: PSYC 100, PSYC 204, PSYC 305
- Corequisites: PSYC 305
- Restrictions: Open to U2 students and above.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
