Credits: 1.5

Offered by: Psychology (Faculty of Science)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

Conducting research in the laboratory of a faculty member in psychology or a related discipline (e.g., psychiatry, education), including: literature searches; experimental design; experiment programming; data collection (running participants or animals through experiments); data entry; data coding; data analysis.

- Departmental permission required.
- Students must register for both PSYC 349D1 and PSYC 349D2.
- No credit will be given for this course unless both PSYC 349D1 and PSYC 349D2 are successfully completed in consecutive terms.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
