

PSYC 450D1. RESEARCH PROJECT AND SEMINAR.

Credits: 4.5

Offered by: Psychology (Faculty of Science)

Terms offered: Fall 2025

View offerings for Fall 2025 in Visual Schedule Builder.

Description

Under supervision of an adviser approved by the Department, students design and carry out a research project. Students report their research in seminars throughout the year, in a final written report that takes the form of a data-based APA style manuscript, and in a poster presentation at the departmental poster session.

- No credit will be given for this course unless both PSYC 450D1 and PSYC 450D2 are successfully completed in consecutive terms
- No credit will be given for this course unless both PSYC 450D1 and PSYC 450D2 are successfully completed in consecutive terms
- Prerequisites: PSYC 204, PSYC 305. Departmental permission required.
- Restriction: Open only to Major or special students in U3 who intend to proceed to graduate school.
- Requires application (for details, see: <https://www.mcgill.ca/psychology/undergraduate/current-students/research-opportunities/research-courses>); admission is selective.
- Students must register for both PSYC 450D1 and PSYC 450D2.
- No credit will be given for this course unless both PSYC450D1 and PSYC 450D2 are successfully completed in consecutive terms.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
