

PSYC 622D2. PRACTICUM IN CLINICAL SUPERVISION AND CONSULTATION

Credits: 3

Offered by: Psychology (Graduate Studies)

This course is not offered this catalogue year.

Description

Investigating the important issues in the theory, research, and practice of clinical supervision via regular, on-going supervision. Focus on practical aspects of supervision practice: methods and models of supervision, the supervisory alliance, how trainees develop over time, ethics, and the supervision research.

- Prerequisite: PSYC 622D1
- No credit will be given for this course unless both PSYC 622D1 and PSYC 622D2 are successfully completed in consecutive terms.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
