

SCSD 618. RESEARCH AND MEASUREMENT METHODOLOGIES 1.

Credits: 3

Offered by: Commun Sciences & Disorders (Graduate Studies)

This course is not offered this catalogue year.

Description

Methodologies used in research and measurement in the field of communication sciences and disorders will be introduced. Topics covered include: the nature and interpretation of test norms; validity; interpretation of test score differences; and questionnaire development (scaling). Tests currently used in speech-language pathology and audiology are examined.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
