

# SEAD 500. FOUNDATIONS OF SUSTAINABILITY FOR ENGINEERING AND DESIGN.

---

Credits: 3

Offered by: Trottier Inst Sust,Eng&Design (Faculty of Engineering)

This course is not offered this catalogue year.

## Description

Perspectives and debates from different disciplines and fields on sustainability and how it may be conceptualized, operationalized and evaluated; its implications for problem formulation and policy analysis, ethical considerations and strategies of implementation related to engineering and design; the need for integrating multiple perspectives and dimensions; stakeholder perspectives.

- (3-0-6)
- Restriction: Only open to students in the Faculty of Engineering. Students outside of the Faculty of Engineering may register with permission of the instructor.
- NOTICE: Students in the TISED Master program only may enroll in this course

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
