

SOCI 325. SOCIOLOGY OF SCIENCE.

Credits: 3

Offered by: Sociology (Faculty of Arts)

This course is not offered this catalogue year.

Description

A review of sociological research on science as an institution. Topics include the culture and practice of science, societal influences on scientific processes, the use of scientific output and technology in media and society, and the impact of cultural and institutional forces on the evolution of scientific knowledge.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
