

SOCI 424. NETWORKS AND SOCIAL STRUCTURES.

Credits: 3

Offered by: Sociology (Faculty of Arts)

This course is not offered this catalogue year.

Description

Relational and network-analytical approaches to social structure. The theory and methods of network analysis. Subjects will include communication networks, online community structure, social support, influence processes, and overlapping networks.

- Familiarity with R, Stata, or another programming language is strongly encouraged.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
