

SOCI 510. SEMINAR IN SOCIAL STRATIFICATION.

Credits: 3

Offered by: Sociology (Faculty of Arts)

This course is not offered this catalogue year.

Description

Recent theoretical and empirical developments in social stratification and inequality. The study of social class, with attention to the anomalous findings on heterogeneity in labour markets and the labour process, status attainment processes, and the socio-political and industrial attitudes of the working class. Students will prepare quantitative analysis of Canadian survey material as well as critical qualitative reviews.

- Prerequisites: SOCI 333 and SOCI 350 or equivalents

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
