

URBP 530. URBAN INFRASTRUCTURE AND SERVICES IN INTERNATIONAL

Credits: 3

Offered by: Urban Planning (Faculty of Engineering)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

Issues of practical and theoretical importance in relation to urban infrastructure and services in the international context: science and technology, political economy, policy analysis, policy implementation, public finance, and institutions and governance.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
