

# URBP 619D1. LAND USE AND TRANSPORT PLANNING.

---

Credits: 2

Offered by: Urban Planning (Graduate Studies)

This course is not offered this catalogue year.

## Description

Analysis of transport and land use interactions in urban areas. Study of the impacts of transport systems on travel behaviour, residential and work location decisions, and urban form; discussion of implications for planning practice.

- Students must register for both URBP 619D1 and URBP 619D2
- No credit will be given for this course unless both URBP 619D1 and URBP 619D2 are successfully completed in consecutive terms
- URBP 619D1 and URBP 619D2 together are equivalent to URBP 619

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
