## Description

Written and oral communication in Engineering (in English): strategies for generating, developing, organizing, and presenting ideas in a technical setting; problem-solving; communicating to different audiences; editing and revising; and public speaking. Course work based on academic, technical, and professional writing in engineering.

- Restriction: Not open to students who have taken CCOM 206. Only open to students in degree programs.
- Limited enrolment.
- Because this course uses a workshop format, attendance at first class is desirable.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
