[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

Principles of fisheries and wildlife management are considered and current practices of research and management are discussed.

- A \$387.03 fee is charged to all students registered in WILD 401, Fisheries and Wildlife Management, a course that has a required field trip. This fee is used to support the cost of excursions, accommodations, food and fees associated with visiting a research facility in New York. The Department of Natural Resource Sciences subsidizes a portion of the cost of this compulsory activity.
- Prerequisite: WILD 307 and ENVB 305 or permission of the instructor.
- A fee is charged to all students registered in WILD 401, Fisheries and Wildlife Management, a course that has a required field trip. This fee is used to support the cost of excursions, accommodations, food and fees associated with visiting research facilities where final projects are devised, and data are collected in the field (e.g., at the SUNY-ESF Adirondaks Ecological Center in Newcomb, New York). The Department of Natural Resource Sciences subsidizes a portion of the cost of this compulsory activity.
- A fee of \$410.60 is charged to all students registered in WILD 401, Fisheries and Wildlife Management, a course that has a required field trip. This fee is used to support the cost of excursions, accommodations, food and fees associated with visiting research facilities where final projects are devised, and data are collected in the field (e.g., at the SUNY-ESF Adirondaks Ecological Center in Newcomb, New York). The Department of Natural Resource Sciences subsidizes a portion of the cost of this compulsory activity.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
