

# WELCOME TO THE MCGILL COURSE CATALOGUE

---

This Course Catalogue lists programs, courses, University regulations, and other important information for the **2025-2026** academic year. The First Edition is published in April of every year, with the Second Edition being published in August.

McGill's Course Catalogue is an official University publication and all information herein – policy, academic, or other – is approved by the Registrar. Please see the disclaimer for details.

## Browse by academic unit

- Select your level of study in the top menu followed by a Faculty or School to see general information about that Faculty/School. Select the "Academic Units" tab for a list of academic units within that Faculty/School.
- Select an academic unit for more information on that unit and view their program offerings in the "Programs" tab.
- Advising and contact information is available for each Faculty, School, or academic unit in the "Advising & Contact" tab.

## Search by program or course

- Select the search icon in the site's header to search by:
  - all programs
  - all courses
  - the entire Course Catalogue website
  - all McGill websites
- Fine-tune your search results by using the available search filters.

## Save a PDF

- Download any of the complete PDFs offered below:
  - Undergraduate and Professional Course Catalogue
  - Graduate and Postdoctoral Course Catalogue
  - Continuing Studies Course Catalogue
- Click on the "Print Options" button below the menu on the left to save a PDF of the page you are on. The PDF will combine all tabs into a single document.
