

# ADVISING AND THE UNIVERSITY MISSION

---

The Mission Statement of the University expresses the commitment to offer students the *best education available*. An essential component of this is the advising process, so it is important that you learn about advising services available to you and how they can help you reach your goals. You should also consult the advising information provided on the Academic Advising website.

## The Role of the Student in Advising

Your active participation in the advising process is essential for accessing the full range of academic opportunities during your studies. You must be proactive in seeking meetings with various advisors, professors, and counsellors to ensure that you receive the advice you need to formulate a personal plan of study and to meet your academic goals. While advisors are there to provide you with guidance, you are ultimately responsible for meeting your degree or diploma requirements. It is your responsibility to learn the rules and regulations of the University, your faculty, and your program. With your cooperation, advisors and counsellors will assist you throughout your studies.
