

# EXAMINATIONS: GENERAL INFORMATION

---

The Exam Regulations are governed by the Policy on Assessment of Student Learning (PASL). Both the Regulations and PASL documents can be found on the Secretariat website:

- Exam Regulations
- Policy on Assessment of Student Learning (PASL)

In addition, students must consult the exam guidelines on the Exams website and any program-specific exam information on their faculty or school's website(s).

## Credit by Examination

In certain exceptional cases and in certain Faculties, students can apply to the Associate Dean or Director to take a final examination in order to obtain credit in a course that the student was not registered in. This is possible only in those courses where there is no other assessment except the final examination.
