

INTERNSHIPS, EXCHANGES, AND CO- OP PROGRAMS

Several faculties at McGill offer undergraduate students the opportunity to participate in an internship or co-op program.

- **Faculty of Agricultural and Environmental Sciences** students: refer to the Faculty of Agricultural and Environmental Sciences' Internship Opportunities page.
- **Faculty of Arts** students: see the Arts Internships website.
- **Faculty of Education** students: for information on B.Ed. Field Experiences (student teaching), please refer to the Internships & Student Affairs website; for information on B.Sc. Kinesiology internships, please contact your KPE Student Advisor.
- **Faculty of Engineering** students: refer to the Engineering Internship Program page. The Department of Mining and Materials Engineering also offers co-op programs in Mining Engineering and Materials Engineering.
- **Faculty of Law** students: refer to the International Human Rights Internships page.
- **Desautels Faculty of Management** BCom students: refer to the Desautels Faculty of Management Internships page.
- **Faculty of Science** students: information regarding internships for Science students can be found on the Science Internship Program website.

Exchange Programs

McGill offers a range of exchange programs. You can start to explore your options via the McGill Abroad website.

Note for Arts students: Further information on exchanges and studying away may be obtained from the Arts OASIS website.

Note for Engineering students: For further information, contact the Faculty of Engineering Student Affairs Office in the Engineering Student Centre, and see the Engineering Exchanges and Study Away page.

Note for Law students: Students should consult the Faculty of Law's Exchange, Independent Study-Away & Summer Programs page for the eligibility criteria.

Note for Management students: See the Desautels Faculty of Management's International Student Exchange Program page.

Note for Science and B.A. & Sc. students: Further information may be obtained from the SOUSA website at mcgill.ca/science/student/undergraduate/undergraduate/handbook#contents_exchange.

Note for Music students: For further information, contact the Schulich School of Music Student Affairs Office and see mcgill.ca/music/student-resources/undergraduates/learning-abroad.

Field Studies

For information on Field Studies, refer to the Field Study Semesters page.

Mobility Award

The purpose of the Mobility Award is to encourage students to study abroad as part of their McGill degree program by defraying part of the cost of this experience. Complete information on this award is available on the McGill Abroad Funding page.

Study Abroad Opportunities

For information on Study Abroad, refer to the Opportunities for Field Study and Study Abroad page, or browse the McGill Abroad website.
