

GLOBAL FOOD SECURITY SPECIALIZATION (B.SC.(AG.ENV.SC.)) (18 CREDITS)

Offered by: Plant Science (Faculty of Agricultural and Environmental Sciences)

Degree: Bachelor of Science (Agricultural and Environmental Sciences)

Program credit weight: 18

Program Description

The Specialization in Global Food Security focuses on agriculture as a fundamental tool to help rural development, alleviate poverty and reach food security, especially in a world context, including global contexts and economically sustainable approaches to provide acceptable nutrition, water resources, sustainable development, nutrition, planning and development. This Specialization may be taken with the Major in Sustainable Agricultural Systems and offers the possibility to take dedicated agronomic content leading to an additional Specialization in Professional Agrology, thereby meeting the eligibility requirements for the Ordre des agronomes du Québec.
