

JOINT HONOURS PROGRAMS

Joint Honours programs in the B.A. & Sc. are created by combining a Joint Honours program component from an arts discipline with one from a science discipline. Students must register for both Joint Honours program components. Joint Honours students should consult an advisor in each department to discuss their course selection and their interdisciplinary research project (if applicable). Students in a Joint Honours programs must complete the required integrative course BASC 201 Arts and Science Integrative Topics. (3 credits).

To choose the Joint Honours option, you must meet the GPA/CGPA requirements set out on the Honours and First-Class Honours for Faculties of Arts and Science (including B.A. & Sc.) page.
