

ECONOMICS

About Economics

For more up-to-date, detailed information about the Department and its programs, please visit our website:

- Majors and Minors
- Honours

U0 students interested in economics should take ECON 208 and ECON 209. These courses provide good preparation for the honours and major programs, although neither course is a prerequisite for either program. The first year of microeconomics courses for the Honours program (ECON 250D1/ECON 250D2) and for the Majors program (ECON 230D1/ECON 230D2) should not be taken in the U0 year.

Note: The Honours Economics program is offered to both B.A. and B.Com. students. All honours students must meet with a department's honours advisor in **each** year of their honours program.

Students who have taken economics courses elsewhere can check if they qualify for transfer credits on our Undergraduate Courses page. Those interested in gaining direct workplace experience should consider the Economics Internship Course.

Available Programs

- Economics Joint Honours Component (B.A.) (30 credits)
- Economics Major Concentration (B.A.) (36 credits)
- Economics Minor Concentration (B.A.) (18 credits)

Location

Faculty of Arts
