

EDUCATIONAL AND COUNSELLING PSYCHOLOGY

About the Department of Educational and Counselling Psychology

Educational Psychology encompasses:

1. the theoretical and applied study of learning, cognition, and instruction in a variety of educational settings across ages and domains;
2. instructional technology and computers as cognitive tools in learning;
3. cognitive and social processes in learning;
4. evaluation and enhancement of learning and teaching;
5. methods for fostering inclusive education;
6. relationships of phenomena related to teaching, learning, and assessment in human development; and
7. the impact of family and community on children's learning and development.

At the undergraduate level, the Department of Educational and Counselling Psychology is responsible for the B.A. Minor Concentration Educational Psychology; see the Educational Psychology department page for more information and for a variety of undergraduate courses in the areas of learning, cognition and development, inclusive education, gifted education, educational media and computers, and educational measurement and evaluation.

The Department offers professional development diploma or certificate programs in Human Relationships, Diversity & Sexuality, Inclusive Education, and Counselling Applied to Teaching. For more information, please contact the Department:

Telephone: 514-398-4242
